Create an evacuation plan that has 2 ways out of each room. Practice it two times per year.

(Don’t have one yet? No problem! Use our template to get started!)

americanspcc.org
1. Draw a map of your home.
   Draw each floor, each door, and each window.

2. Identify 2 ways to escape each room.
   Make a plan for every possible scenario.

3. Designate a place to meet your family outside.
   Is it across the street? At a neighbor's house? At a park?
